

Your gateway to India's booming welding industry

**21 - 23 July 2011
Chennai Trade Centre
Chennai, India**

International Exhibition on Welding Technology, Metallurgy, Materials Testing, Non-Destructive Testing and other Allied Fields

Organised by

The Indian Institute of Welding

Concurrent Events:
International Institute of Welding
• 64th Annual Assembly
• International Congress IC 2011

WELD INDIA 2011

The 6th International Welding Technology Exhibition, WELD INDIA 2011, will be held during 21 - 23 July, 2011 at the Chennai Trade Centre in Chennai, India. The 3-day international exhibition is being organised by The Indian Institute of Welding (IIW - India)

WELD INDIA 2011 will feature around 150+ exhibitors showcasing the latest in Welding Technology, Metallurgy, Materials Testing and Non- Destructive Inspection and other allied fields. Over 5000 + visitors are expected to visit India's Premier welding show.

WELD INDIA 2011 presents a golden opportunity for the leaders in Welding Technology, Metallurgy, Materials Testing and Non-Destructive Inspection and allied industries, to attract the prospective Indian consumers and gain a foothold in the India of the future.

PREFACE

Dear Friends,

It gives me a great pleasure to inform all of you that IIW-India will be organizing the 64th Annual Assembly and the International Conference of the International Institute of Welding for the first time in India in July 2011. Concurrent with these prestigious events, an international exhibition WELD INDIA 2011 is also being organized. As you may be aware, WELD INDIA is a series of welding exhibitions which are organized by the Indian Institute of Welding (IIW-India) in different parts of this country. It is the most popular international welding exhibition in India and has made a mark for itself, through its successful expositions right from 2006, in the welding fraternity. The previous WELDINDIA exhibitions held in Chennai were very popular and had attracted a large number of participants and visitors from India and abroad.

In today's competitive market environment, these exhibitions give not only the manufacturers an unique opportunity to exhibit their latest products to many prospective customers at one go, but also gives the consumers an opportunity to observe a variety of products simultaneously for better comparative evaluation. WELD INDIA 2011 is therefore the ideal platform for manufacturer-user interaction. Since this exhibition is being organized concurrently with the Assembly and the Conference, where a large number of international delegates and organizations will be participating, a golden global opportunity waiting to be grabbed. I am sure each participant, visitor will be immensely benefitted from this exhibition.

May I therefore request you to consider participating in this great event-as an exhibitor, as an advertiser, as a visitor- and reap the benefits? I look forward to meeting each one of you in this mega event.

Wishing you all the best and with regards

R.RAVI
PRESIDENT-IIWINDIA

EXHIBIT PROFILE

Advanced Welding Processes
Education, Training & Consultancy
Electron Beam Welding (EBW)
Gas Equipment & Accessories
Grinding, Cutting & Preparation
Heat Treatment, Industrial Gases
Laser Welding and Cutting
Manufacturing and Fabricating Technologies
Materials including Steel, Stainless Steel, Aluminum
Non-Ferrous Metals
Operating Plants & Equipments
Quality Assurance
Non-Destructive Testing Equipments,
Materials testing equipments
Repair & Maintenance Equipments
Consumable & Services
Welding Automation & Robotics
CNC Machines
Computer Aided Welding Engineering
Soldering & Brazing Equipments
Welding Equipment & Consumables
Welding Metallurgy
Welding of Non-metals
Welding Research & Development
Welding Safety Equipments & Services

WHY EXHIBIT AT WELD INDIA 2011 ?

WHY INDIA ?

- A one trillion USD economy today, India is moving to become a two trillion USD economy in next 6 years.
- India is on the path to 8 to 10 % GDP growth.
- As of November 2009, India had recorded a 9.1% increase in industrial growth.
- The manufacturing sector was up by 9.3 % in September, 2009.
- Index of Industrial Production (IIP) for December 2009 and January 2010 were higher by 17.6% and 16.7% respectively over their year ago numbers.
- India, currently ranked as the 4th largest economy in the world, presents a favorable investment climate.
- India has been fairly successful in coming out of the global recession.

INDIAN WELDING INDUSTRY

- Indian Welding industry is looking buoyant with upcoming major projects, to the tune of 55 billion US dollars in diversified sectors such as steel, power, oil refining, chemical, automobiles, defence, aerospace etc.
- A number of world leaders in the automobile industry have set-up their base in India.
- Value of welding consumables to be used is expected to increase from US\$ 500 million in 2007-08 to US \$ 700 million in 2010-11
- Welding equipment requirement is also keeping pace and & there is also a positive trend of switching over to low cost automation and efficient power sources to increase productivity.
- Demand for welding automation is on the rise in major industries across the country.

More and more global investors are now looking to invest in India, which is driven by the rapidly growing domestic demand, significantly improved operational efficiencies, higher labour productivity, a great reservoir of skilled manpower, and better profitability.

By participating in WELD INDIA 2011 Exhibition, you will be making your presence felt in the rapidly expanding Indian industry.

WELD INDIA 2011 is your GATEWAY to the booming Indian Welding Industry market ... !

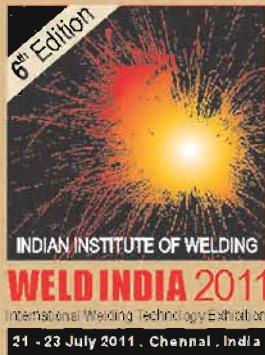

2011 EXHIBITION HIGHLIGHTS

- Organised by The Indian Institute of Welding
- Held Concurrent to the International Conference of the International Institute of Welding, which will be held after the 64th Annual Assembly
- The 6th in the WELD INDIA series
- 3-day International Exhibition on Welding Technology, Metallurgy, Materials Testing and Non-Destructive Inspection and other allied fields.
- Over 5000+business visitors are expected to visit

VISITOR PROFILE

Aerospace, Automotive
Banking/Finance,
Coal & Chemicals
Component, Construction, Consulting
Nuclear, Defense / Aerospace
Small and Medium Scale Industries
Education, Environment Food & Beverage
General Engineering Government Agencies
Heavy Fabrication, Iron & Steel
Machinery & Equipment, Maintenance
Manufacturing
Materials Handling & Warehousing
Metal Products, Nuclear Industry, OEMs
Packaging, Petroleum, Pharmaceuticals
Printing, Process Control & Instrumentation
Pulp & Paper, Railways, Retail, Security, Sheet
Metal, Ship Building, Telecommunications,
Test Measurement, Tobacco, Tooling
Transport, Distribution / Logistics, Utilities
White Goods, Wood & Paper Products etc

ABOUT THE ORGANISERS

The Indian Institute of Welding

The Indian Institute of Welding (IIW-India) is a professional body devoted to the cause of promotion and advancement of welding science and technology in India. Established in the year 1966, with its registered office at Kolkata, it has 11 branches and one Chapter located all over India. About 4000 welding professionals and over 300 industrial / corporate bodies are members of this Institute.

Mission

To be the Premier Professional Institute in India for the Advancement of Welding Science and Technology and related activities.

Major Objectives:

- To promote the Advancement of Welding Science and Technology and its allied subjects in India
- Technology diffusion to Industry and individual
- Foster R & D in welding and related activities
- Assist Human resources development in welding in India
- Promote Health and Safety in Welding
- Connect with Global community of Welding professionals to promote International Standards
- Generate financial resources to attain all the above objectives

National Council of IIW-India

President: Mr. R. Ravi

Immediate Past Presidents: Mr. C. C. Girotra | Mr. A. K. Mukherjee

Vice Presidents: Mr. P. K. Das | Mr. R. Srinivasan
Mr. M. D. Agrawal | Dr. A. K. Bhaduri

Hon. Secretary General: Mr. Parimal Biswas

Hon. Treasurer: Mr. A. K. Datta

Members:

Dr. Hasan Shaikh	Mr. T. V. Prabhu
Mr. N. K. Sarkar	Mr. V. N. Girijallabhan
Prof. S. K. Agrawal	Dr. C. K. Datta
Mr. T. A. Ramesh	Dr. M. Shome
Mr. K. K. Kashyap	Mr. Sujit Gang
Mr. B. K. Mishra	Mr. Malay Choudhuri
Mr. Ish Khanna	Dr. Manish Samant
Mr. D. K. Sama	Mr. A. K. Joseph
Mr. Utpal Borah	Mr. M. Kannappan
Mr. M. P. Dhanuka	Mr. S. Chelliah
Mr. S. L. Trivedi	Mr. M. Saibabu
Mr. D. V. Kulkarni	Dr. S. K. Albert
Mr. Aniruddha Ghosh	Mr. S. K. De
Mr. S. M. Bhat	Mr. A. A. Deshpande
Mr. V. R. Ramesh	Mr. B. K. Das
Mr. Hiren Patel	Mr. R. Sengupta
Mr. Debashish Thakur	Mr. Somnath Ghosh
Mr. W. J. Fernando	Mr. Amitava Mukherjee

CONCURRENT EVENTS

64th ANNUAL ASSEMBLY

The Indian Institute of Welding (IIW-India) proudly announces the conduct of the 64th Annual Assembly of the International Institute of Welding (IIW), which will be held for the first time in India at Hotel Le Royal Meridien, Chennai, from 17 - 20 July 2011.

Conceived in 1947 and founded in 1948 by 13 countries, the International Institute of Welding (IIW) is today the largest worldwide network for welding and joining technologies having 53 Member Countries. From the beginning, the IIW set up international groups of specialists to study collectively the scientific phenomena associated with welding and allied processes, their more efficient industrial application and the means of communicating information about them through 25 Technical Commissions and Working Units. In addition, IIW has 34 Authorized National Bodies which have awarded more than 40,000 international diplomas.

INTERNATIONAL CONFERENCE - IC 2011

An International Conference of the International Institute of Welding is being organized at Hotel Le Royal Meridien, Chennai, on 21 and 22 July, 2011, immediately after the 64th Annual Assembly. The theme of the Conference is 'Global Trends in Joining, Cutting and Surfacing Technology'.

The objective of this International Conference is to provide a dynamic forum of professionals from industries, academia and research institutions from a large number of countries to share and enhance the knowledge base in welding science and technology, and further, use the forum for fulfilling the missions of their organisations.

THE VENUE CITY: CHENNAI

The 6th Weld India 2011 Exhibition will be conducted in Chennai, the largest city in South India and the fourth largest in the country. Chennai, is a journey into timeless India, a kaleidoscope of moods, rich in the treasures of history, from temples and shrines to forts and palaces, the landscape of the past lives easily with the present. Chennai is the capital city of Tamil Nadu. Retaining much of its traditional charm, this 350

year old city is the gateway to the south, providing many a fascinating vignette of southern heritage. The British influence on the city is most evident in the various cathedrals, buildings in the Indo-Saracenic style of architecture, wide tree lined avenues. The varied aspects of traditional South Indian culture exist alongside the lifestyle of a modern city complete with its plush hotels and restaurants.

THE VENUE: CHENNAI TRADE CENTRE

The WELD INDIA 2011 Exhibition will be held at the imposing Chennai Trade Centre at Chennai during 21-23 JULY 2011

This world class exhibition centre hosts a series of high quality National and International Trade Fairs. Its exhibition halls are complete with International quality infrastructure, making it a perfect choice of world-class national & international trade fairs.

The exhibition will be held at :
Hall # 1, 2 & 3, Chennai Trade Centre,
Tamil Nadu Trade Promotion Organisation,
Chennai Trade Centre Complex
Nandambakkam, Chennai - 600 089,
Tamil Nadu, India.

HOW TO BOOK YOUR BOOTH !

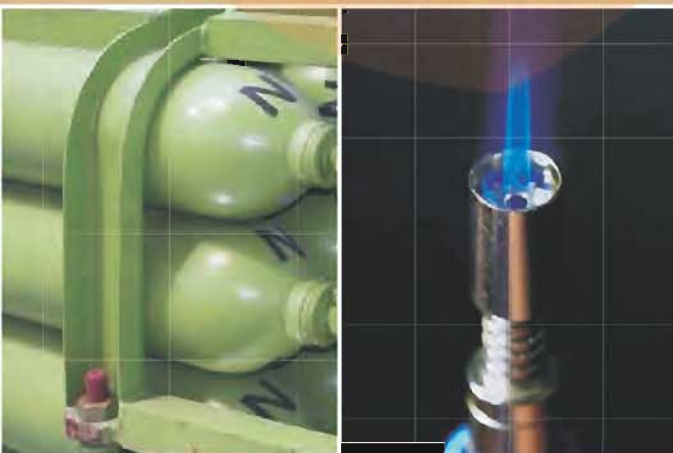

For the Booth Layout Plan, Booth Bookings, Visiting Information and other queries related to the Exhibition, please contact the Event Managers for WELD INDIA 2011 -

Unitech Exhibitions Pvt Ltd., Chennai
Mr. Biju Thomas Panjikunnel (H/P +91 97456 03455) /
Mr. V B Sudeep (H/P +91 98400 43691)
Tel: +91-44-24543322/23 ; Fax: +91-44-24543321
Email: info@weldindia.com , info@unitechexpo.com

The Booth Charges are as below

Indian Exhibitors
₹ 9000/- per sqm for Shell Scheme Booth
₹ 8500/- per sqm for Raw Space Booth
Service Tax as applicable (currently @10.3%)

Foreign Exhibitors
EURO 200 per sqm for Shell Scheme Booth
EURO 180 - per sqm for Raw Space Booth
Service Tax as applicable (currently @10.3%)

EVENT SPECIFICS

Event Name: WELD INDIA 2011

Venue: Chennai Trade Centre, Hall #1, 2 & 3

City: Chennai, India

Dates: 21, 22 & 23 July 2011

Timings: 10:30 am to 06:30 PM

Theme: International Exhibition on Welding Technology, Metallurgy, Materials Testing, Non-Destructive Testing and other allied fields.

Status: The 6th in the WELD INDIA Series

Frequency: Biennial

Next Edition: Weld India 2013

Type of Exhibition: Event for Trade, Business & Professionals

Total Exhibition Area: 11000 sq mtr

Total No. of booths: 170 +

Estimated No. of Trade Visitors: 5000 +

Exhibit Profile:

Advanced Welding Processes
 Education, Training & Consultancy
 Electron Beam Welding (EBW)
 Gas Equipment & Accessories
 Grinding, Cutting & Preparation
 Heat Treatment, Industrial Gases
 Laser Welding and Cutting
 Manufacturing and Fabricating Technologies
 Materials including Steel, Stainless Steel, Aluminum
 Non-Ferrous Metals
 Operating Plants & Equipments
 Quality Assurance
 Non-Destructive Testing Equipments,
 Materials testing equipments
 Repair & Maintenance Equipments
 Consumable & Services
 Welding Automation & Robotics
 CNC Machines
